

## Acceptance decision

### Julimar Operations Environment Plan

This document provides notification of NOPSEMA’s decision made under regulation 10 of the Offshore Petroleum and Greenhouse Gas Storage (Environment) Regulations 2009 (Environment Regulations) to accept an environment plan.

### Submission information

<b>Titleholder<sup>1</sup>:</b>	Woodside Energy Julimar Pty Ltd
<b>Environment plan:</b>	Julimar Operations Environment Plan (Document Number JU-00-RI-10006 Revision 2)
<b>Petroleum title(s)/Application number(s):</b>	WA-49-L and WA-26-PL
<b>Date first submitted to NOPSEMA:</b>	31/12/2015
<b>Activities type(s)<sup>2</sup>:</b>	Operation of a pipeline Any other petroleum related activity
<b>Activity overview:</b> <i>As described in the accepted environment plan.</i>	<p>The Julimar Operations consist of 5-8 wells in the Brunello field, subsea infrastructure and associated pipeline and flowlines to connect the wells to the Wheatstone platform. The Brunello wells are located within petroleum production licence WA-49-L and the associated flowlines are in petroleum pipeline licence WA-26-PL. The Operational Area, which incorporates the pipeline in petroleum pipeline licence WA-26-L, is approximately 25 km long and 3 km wide with water depths ranging from approximately 70 to 150 m. The proposed activities are scheduled to commence in Quarter 3 2016 and have a design life of 25 years.</p> <p>Activities to be undertaken include:</p> <ul style="list-style-type: none"> <li>• Vessel based preparation of the subsea infrastructure including: <ul style="list-style-type: none"> <li>• Dewatering and drying of flowlines</li> <li>• Suspension of flowlines prior to the introduction of hydrocarbons</li> </ul> </li> <li>• Start-up and operation of the Brunello wells and associated subsea infrastructure</li> <li>• Subsea inspection, maintenance and repair activities using vessels to conduct the following: <ul style="list-style-type: none"> <li>• inspections and surveys (including use of remotely operated vehicles and side scan sonar)</li> <li>• Intervention on subsea infrastructure</li> <li>• Seabed intervention for pipeline scour protection or stabilisation.</li> </ul> </li> </ul>

	Operation of the Julimar field and associated pipelines and flowlines. Operation will be undertaken via the Wheatstone platform.
<b>Decision:</b>	Accepted
<b>Decision date:</b>	06/07/2016
<b>Decision made by:</b>	Representative of NOPSEMA: Environment Manager - Seismic & Production Operations

## Basis of decision

NOPSEMA has assessed the environment plan in accordance with its assessment policies and procedures. Having regard to all information provided by, and referred to in the environment plan, NOPSEMA is reasonably satisfied that the environment plan meets the criteria set out in regulation 10A of the Environment Regulations.

## Next steps for the petroleum activity

An environment plan summary must be provided to NOPSEMA within 10 days of this acceptance. regulation 11(4) requires that this document provide material from the accepted environment plan.

Once the summary document has been prepared to NOPSEMA satisfaction it will be published on NOPSEMA's website. NOPSEMA aims to have all environment plan summary documents published within 20 days of acceptance. This timeframe may vary should the document require amendment by the titleholder.

The titleholder is required to notify NOPSEMA 10 days prior to the commencement of the activity. This notification will be published on NOPSEMA's website.

## Titleholder environmental performance requirements

A titleholder is required to undertake a petroleum activity in accordance with the accepted environment plan. It is an offence under the Environment Regulations to act in a manner contrary to the accepted environment plan. A titleholder must submit a revision to the environment plan in response to a new or increased environmental impact or risk, or a significant modification or stage of the activity not provided for in the accepted environment plan.

## How to get further information

If you have any further questions regarding the activity it is suggested you contact the titleholder's nominated liaison person for the activity.

If you would like to access any further information regarding this decision, or would like to contact NOPSEMA please email [environment@nopsema.gov.au](mailto:environment@nopsema.gov.au).

<sup>1</sup> A titleholder includes an applicant for a petroleum access authority, petroleum special prospecting authority, pipeline licence, greenhouse gas search authority or greenhouse gas special authority under sub-regulation 9(2).

<sup>2</sup> Activity type as listed in the Offshore Petroleum and Greenhouse Gas Storage (Regulatory Levies) Regulations 2004
