

WA-474-P, WA-70-R ABANDONED AND SUSPENDED WELLS ENVIRONMENT PLAN SUMMARY

This WA-474-P, WA-70-R Abandoned and Suspended Wells EP Summary has been prepared from material provided in this EP. The summary consists of the following as required by Regulation 11(4) of the OPGGS (E) Regulations 2009:

EP Summary material requirement	Relevant section of EP containing EP Summary material
The location of the activity	Section 2.1, pages 22 - 24
A description of the receiving environment	Section 4, pages 44 - 72
A description of the activity	Section 2, pages 22 - 32
Details of the environmental impacts and risks	<p>For the impact and risk assessment approach: Section 5, pages 73 – 85</p> <p>For the impact assessment of planned events: Section 6, pages 86 – 127</p> <p>For risk assessment of unplanned events: Section 7, pages 128 - 172</p>
The control measures for the activity	<p>For physical presence (wellheads in-situ): Section 6.3.2, pages 93 - 94</p> <p>For interaction with other marine users (vessel operations): Section 6.4.2, pages 96 - 98</p> <p>For seabed disturbance: Section 6.5.2, pages 101 - 102</p> <p>For noise emissions: Section 6.6.2, pages 108 - 109</p> <p>For atmospheric emissions: Section 6.7.2, pages 112 - 112</p> <p>For routine liquid discharges: Section 6.8.6, pages 118 - 120</p> <p>For solid and liquid waste: Section 6.9.4, pages 125 - 126</p> <p>For surface release of marine diesel oil from a vessel: Section 7.1.6, pages 146 - 147</p> <p>For spills of environmental hazardous chemicals or refined oil: Section 7.2.2, pages 152 - 154</p> <p>For interference with marine fauna: Section 7.3.2, pages 160 - 162</p>

	<p>For dropped objects: Section 7.4.2, pages 165 - 166</p> <p>For interaction with other marine users (wellheads left in-situ): Section 7.5.2, pages 170 - 172</p>
<p>The arrangements for ongoing monitoring of the titleholders environmental performance</p>	<p>For physical presence (wellheads in-situ): Section 6.3.4, pages 95 - 96</p> <p>For interaction with other marine users (vessel operations): Section 6.4.4, pages 99 - 100</p> <p>For seabed disturbance: Section 6.5.4, pages 103</p> <p>For noise emissions: Section 6.6.4, pages 111</p> <p>For atmospheric emissions: Section 6.7.4, pages 114 - 115</p> <p>For routine liquid discharges: Section 6.8.8, pages 121 - 123</p> <p>For solid and liquid waste: Section 6.9.6, pages 127</p> <p>For surface release of marine diesel oil from a vessel: Section 7.1.8, pages 149 - 151</p> <p>For spills of environmental hazardous chemicals or refined oil: Section 7.2.4, pages 155 - 158</p> <p>For interference with marine fauna: Section 7.3.4, pages 162 -164</p> <p>For dropped objects: Section 7.4.4, pages 167 - 168</p> <p>For interaction with other marine users (wellheads left in-situ): Section 7.5.4, pages 172 - 173</p>
<p>Response arrangements in the oil pollution emergency plan</p>	<p>Section 9.10, pages 225 - 227</p>
<p>Consultation already undertaken and plans for ongoing consultation</p>	<p>Section 10, pages 228 - 288</p>
<p>Details of the titleholders nominated liaison person for the activity</p>	<p>Section 1.4, pages 2 - 3</p>
